LYNNE JACKSON, BEING DULY SWORN DEPOSES AND SAYS:

1. On June 23, 2008, I attended a meeting with the FBI, at the FBI building in Albany, at which the FBI showed a group of people a Power Point presentation on the Aref and Hossain Case.
2. FBI Agent Timothy Coll conducted the presentation and I took notes on the presentation.
3. At the end, I asked Mr. Coll why the FBI did not show the missile to Yassin Aref, and referred to the October 12, 2006 article by Brendon Lyons, published in the Albany Times Union, in which an unidentified FBI agent said to Mr. Lyons that there was a lot of debate about whether to show the missile to Mr. Aref because of concerns that it might "spook" him.
4. Agent Coll responded that he was the unidentified FBI agent quoted in Mr. Lyon's article. He said he told Mr. Lyons that he could use his name and did not know why Mr. Lyons said in the article that he wanted to remain unidentified.
5. On June 16, 2008, I attended a meeting with the FBI, at the FBI building in Albany, at which the FBI showed a group of people a Power Point presentation on the Aref and Hossain Case. The people at the meeting wanted to see the trigger mechanism of the missile that was shown to Aref. Agent Coll asked another agent, Paul Holstein to go get the trigger mechanism by saying "Want to run up and get it [meaning the trigger mechanism]?" Agent Holstein responded "Will I recognize it?".
6. On another occasion I obtained a DVD of the prosecution's post sentencing press conference on March 7, 2008 in the Aref and Hossain case, which had been taped by one of the news organizations who attended the press conference.
7. I made a transcript of the press conference from the DVD.
8. The transcript is a complete, true and accurate representation of what occurred at the press conference.
